Jennifer Gremmert

## Keynote Speaker

Ashley Rhodes-Courter, MSW is the quintessential American success story. Born to a single teen mother, by the age of 3 Ashley was in Florida's foster care system where she spent almost ten years being shuttled between 14 homes, some quite abusive, before being adopted from a Children's Home at the age of twelve. Despite her ordeal, she excelled in school and felt compelled to advocate for herself and other foster children. Now a New York Times and International Best Selling Author, Ashley is an internationally recognized speaker on foster care, education, child welfare, human rights, families, youth advocacy, and overcoming adversity. Her story, education, and personal experiences give Ashley a unique expertise on how we can improve outcomes for children, families, and youth.
